Houston, Texas 77077

Wassim,

This letter is to recognize your contribution to the "America's Smithsonian" exhibit on its sixth stop of a twelve-city national tour. The exhibit is the largest traveling museum exhibit ever it has three hundred of the most treasured artifacts from the Smithsonian's 140 million object collection.

Cappuccino Express ran the indoor and outdoor food concessions for the exhibit. These concessions consisted of a wide variety of beverages and food including sodas, coffee, ice cream, sandwiches and hot dishes. The exhibit was open to the public December 6th to January 28th from 9 a.m. to 8 p.m. and was visited by almost four hundred thousand Houstonians and tourists. It was a pleasure working with you and Cappuccino Express; you and your staff were very reliable and responsive to our requests. We appreciate your assistance in presenting this once in a lifetime opportunity to the people of Houston.

Sincerely,

Ellen Dorn  
Project Manager  
"Americas Smithsonian"

Meg Little  
Logistics Manager
